CHEWABLE INHIBITORY SUPPORT FORMULA

Ingredient	Potency/weight
Myo-Inositol.....	1000 mg
L-theanine (as Suntheanine®).....	25 mg
5-Hydroxytryptophan.....	20 mg

SYNOPSIS AND PRODUCT USAGE!

SYNOPSIS AND REVIEW: Tranquilent is a unique chewable formula providing support for the inhibitory system: both serotonergic and GABAergic neurotransmission. May be used for acute anxiety and panic situations as well as for rebalancing the inhibitory system. Doses appropriate for use in the pediatric population.

INDICATIONS: Inositol and 5-HTP are commonly used to support inhibitory pathways in both pediatric and adult populations. Suntheanine® has earned FDA structure/function claims for promoting relaxation, reducing stress and nervous tension, for relief of occasional insomnia and lowering normal symptoms of PMS.

CONTRA-INDICATIONS: No specific contraindications known other than for individuals hypersensitive to any of its ingredients.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
